

ThermoLite[®] Solar Panels for Agricultural Vehicles
The clean, affordable battery charging solution to prevent costly downtime.

NOW YOU CAN GO EVEN GREENER WITH A ThermoLite SOLAR PANEL!

- Ideal for long-term battery maintenance
- Greatly extends battery life and prevents costly jump starts
- High efficiency solar cells use latest technology to produce abundant power, even in low light conditions
- Flexible, adhesive backing allows for quick and efficient installation
- Chemical cleaning and pressure wash compatible

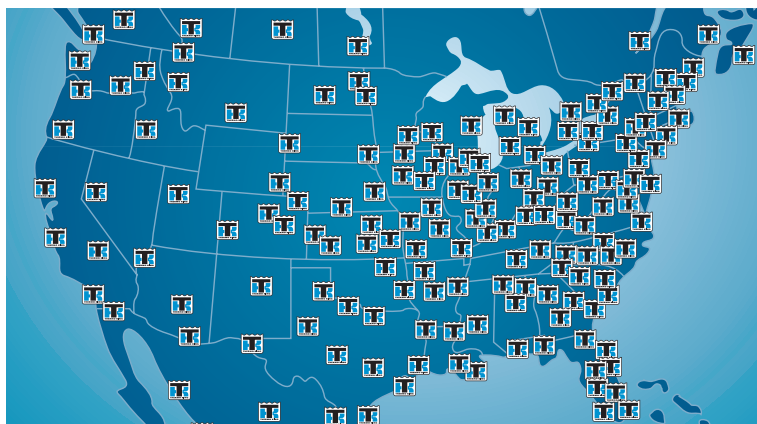

SUPERIOR DURABILITY

- Designed to withstand the toughest conditions in the agriculture business
- Weatherproof construction for extreme durability and long life
- Waterproof connections and full SAE-rated componentry
- Flexible polymer construction resists damage from hail and tree limbs
- 20+ expected year product life
- 4-year full system warranty

ThermoLite CHARGE CONTROLLER

THE BRAINS OF THE SYSTEM:

- Critical to proper battery charging and system reliability
- Smart, three-stage charging technology via DC-DC converter
- Completely sealed against the environment
- Rugged automotive-rated circuit design
- Regulates both voltage and current to keep batteries from overcharging
- Designed to support AGM and flooded batteries
